\*Contributors may only claim \$10,000 in total Attainable Homeownership Tax Credits in any one calendar year. If contributor donates to multiple organizations and their total donations are more than \$20,000, the above credit on line 3 may not be honored. It is the responsibility of the contributor to track their donations and their total expected tax credits; Habitat is only responsible for tracking the credits for the donations it receives directly.

Example Computation:    Line 1) \$30,000 Contribution to Habitat  
                                  Line 2) \$30,000 x 0.5 = \$15,000,  
                                  Line 3) \$10,000 is less than \$15,000 so the maximum credit that can be processed is \$10,000.

**For Non-Cash Gifts Only:** Attach additional documentation (see back for details) and send it with this form to the address below

If a contributor's expected credit is denied by the Indiana Department of Revenue, then the contributor should contact [taxcredit@habitatindiana.org](mailto:taxcredit@habitatindiana.org) to ensure the donation and contact information were correctly reported; an incorrect SSN or certification number are the most common mistakes that causes denied credits.

\*\*If designated county isn't served by a local affiliate, then the donation will support Indiana Habitat's statewide building program.

## Attainable Homeownership Tax Credit Donor Contribution Form

### Eligible Donors – Individuals

Individuals may donate to Habitat for Humanity of Indiana and receive an Attainable Homeownership Tax Credit. Include the name of the individual donor claiming the credit on the form. Married couples filing jointly should have the Primary Taxpayer listed on this form. A maximum of \$10K in Attainable Homeownership Tax Credits is allowed on a joint tax return.

### Eligible Donors – Small Business, Corporations, & Financial Institutions

Small businesses, corporations, and financial institutions are welcome to make tax credit-eligible contributions. However, additional steps or information are required when reporting these contributions:

- If a business or corporation is making the donation, the business/corporation's information should be entered into the Donor Contribution Form. The organization's owner or stockholders must NOT claim the tax credits on their individual/personal tax returns.
- If the credit is being claimed by a pass-through entity (PTE), such as a partnership, limited liability company, S corporation, estate, or trust, the PTE needs to complete this and provide a K-1 to the owners/beneficiaries. Ex. If Organization Z is splitting \$1,000 in credits from a \$2,000 donation between 10 shareholders, Organization Z will need to provide a K-1 to the owners showing their share of the credit. Consult with your legal counsel to ensure compliance.
